FRAME FOUR STANDARD
Designed by *Audo*

Frame Four Standard is a flexible storage solution consisting of a square module in a cubistic frame. The simple storage system is inspired by the Kubus candleholder by Mogens Lassen, based on strict mathematical formulas and designed with the greatest precision. The Frame collection is available in many variants for use in countless contexts. Combine the Frame modules to create a classic bookcase, a room divider or something else entirely. The possible combinations are endless. The Frame modules are available with or without doors, shelves and Drawers, making sure that you can design the perfect storage solution to match your needs for organisation and storage. This variant consists of four Frame 35 modules, including two open modules and two modules with doors.
