FRAME SHOE CABINET
Designed by *Mogens Lassen*

Frame Shoe Cabinet is a new addition to existing Frame modules, adding a new function that makes it an excellent choice for the hallway. With its characteristic frame, Frame Shoe Cabinet is based on the same design as the existing Frame modules, but with new dimensions that makes it even more useful for storing your shoes. The inside is made in metal to ensure that dirt and wet shoes do not damage the cabinet. Placed on the wall, Frame Shoe Cabinet takes up no floor space, which makes it an ideal storage solution for small hallways. Frame Shoe Cabinet is inspired by the Kubus candleholder by Mogens Lassen, based on strict mathematical formulas and designed with the greatest precision.

DIMENSIONS
H: 42 cm / 16,5
W: 70 cm / 27,6"
D: 21 cm / 8,3"

PRODUCTION PROCESS
The frame is made from 6mm steel profiles to strengthen the construction of the frame. The profiles are mounted with zinc casted corners and afterward the frame is grinded to obtain a smooth finish before the frame is powder coated. The plates are made from a MDF core with a melamine or veneer surface. Lastly the shoe insert is made from steel with a powder coated finish. The mounting is made from steel and are plated with black browned. The handle is made from aluminum with a powder coated black finish.
