EOS

Designed by Søren Ravn Christensen

The soft look and small size of the new Eos Nano makes it a perfect fit for playful clusters in the nursery. Hanging a mobile of fairy lights above the changing table or cradle will by certainty mesmerize the little ones.

The new Eos Nano lampshade can be combined with the UIMAGE Rosette Mini, Rosette Mini cluster 3 and Rosette Mini cluster 5.

Hanging in clusters of your living room corner or side by side in a narrow hallway, the Eos Nano will create a captivating and tactile expression to the home.

The lampshade is handmade from natural, RDS certified goose feather and offers a welcoming glow that adds personality to any interior. The new feather lampshade reminisces fluffy clouds in the sky and blooming white Sakura flowers – creating a serene and natural atmosphere to the home.

Combine the Eos Nano with our Tiny Idea 2W G4 bulb and our Rosette Mini family for a complete lamp.
