BASE FOR FRAME
Designed by *Audo*

The Base for Frame is a cubistic frame in black metal that is inspired by the Kubus candleholder by Mogens Lassen, based on strict mathematical formulas and designed with the greatest precision. The simple and cubistic base is available in two sizes: 35 (which also fits Frame 70) and 49 as an addition to the Frame modules from the Frame collection. With the simple base, you can create a dresser, a bookcase, a nightstand or something else entirely. The various Frame modules come in different sizes and colours. Depending on your exact storage needs, it is also possible to buy doors and shelves. The possible combinations are endless.
