

MAINTENANCE

The high quality of the materials used in its production by Edizioni Design makes its products long lasting.

Maintenance tips:

metal plating bath

(brass, bronze, steel)

Use cold water and non-abrasive liquid detergents and non-aggressive. Apply with a soft cloth.

brass

Create a solution with warm water and a mild detergent. Dip a soft cloth in soapy water and use it to clean the dirty surface.

RECYCLING

The crossed bin symbol indicates that the product can not be eliminated with household waste. The product must be recycled in accordance with local environmental regulations for waste disposal. Separating a product bearing this symbol from household waste, and help to reduce the volume of waste going to incinerators or landfills, thus minimizing any possible negative impact on human health and the environment.

PACKAGING

All the packaging that surrounds and protects the product - cardboard, plastic packaging, paper material - can be recycled 100%, according to the general directions given locally (or dumpsters ecological oasis dedicated). This is the best way to contribute to environmental sustainability: avoid waste and avoid "dirty" with too much waste the environment.
