

SKALL AW24

Letters

The Skall Studio AW24 collection has been created from a nostalgic feeling of fall; the yellow and orange leaves, the crisp air in the mornings, and the rays of sunshine hanging low in the sky. This time of the year we spend more time reading, writing, and thinking.

We have always had something in our hearts and minds that we wish to share through our work. Writing letters about life and people that inspire us. Sharing the stories of someone who also have something in their hearts and minds. A way of living, a way of thinking – or a way of creating.

The AW24 collection takes inspiration from New York city in the late 60s and its creative and intellectual citizens like Joan Baez and Bob Dylan, expressing their thoughts about society. It is a classic and understated collection with essential pieces for the season; heavy wool coats in checks and tweed in 100% recycled GRS wool from Italian Manteco where the colours are obtained without additional dyes and chemicals, wool trousers and blazers inspired by sartorial menswear, RWS certified Fair Isle inspired knitwear in classic Skall colours, straight-cut GOTS certified jeans, corduroy pants in 100 % organic cotton, and simple skirts in mulesing free wool. Pieces that are easy to wear and easy to combine.

As always, the collection includes feminine Skall signature pieces with beautiful lace collars and sleeves, exclusive pieces with heavy tape embroidery in European Flax certified linen as well as knitwear made in Denmark from Danish wool, reflecting the Skall Studio craftsmanship dna.

Skall Studio is GOTS certified, and the collection is made in 100 % natural fibers and 96% mono fibers.
